Shipboard Programs

From - To	Description / Itinerary	Quantity	Charge	Total	Tax
9:00 AM-11:30 AM	Half-Day Marine Science Cruise Half-day Marine Science Cruise During this 2½-hour cruise, students play the role of marine ecologist, examining the Bay through a variety of hands-on activities. They'll test water chemistry for salinity, dissolved oxygen, thermoclines, and turbidity, and talk about the human impacts that affect these water quality indicators. They'll trawl for creatures from the Bay floor, getting up close with the likes of various crabs, fish and marine plants. And they'll use microscopes to examine the Bay's tiniest creatures – plankton.	1	\$750.00	\$750.00
