

Online Sale Tips;

Have troubles with some emails getting through

1. Make sure the email addresses are spelled correctly
2. Depending on your domain's security settings, the emails may not all go through, please check your security settings
3. Please check your junk email folder
4. Sometimes, domains/servers block emails coming from your same email address. For example, with our popweaver emails, if you send an email from bob.albert@popweaver.com to bob.albert@popweaver.com it can get blocked due to security settings.
 - A. Scouts can send an email to their own email address and forward it on to others
 - B. Scouts can create their own message from their own email program and send to all of their contacts.
 - C. There's information on the site on how a Scout can find out what his specific link is and use it in any way he wants - email, facebook, twitter, etc.
 - D. The Scout Yourself image can be saved to the Scout's computer and be used in any way the Scout wants as well.

Please remember if all else fails go to support@trails-end.com . Response time can be up to 72 hours.
